

Website Design & Development

Al Hail Hills Business Systems

2024

About The Company

Al Hail Hills Business System registered in the Sultanate of Oman under CR No. 1270085 was established to offer website design, development and maintenance services within the Sultanate of Oman or where required.

Our commitment is to deliver optimal design and media solutions that enhance the online presence of businesses and services. We leverage available technologies to promote products and services efficiently and cost-effectively.

We are dedicated to maintaining a high level of service by responding promptly and effectively to support requests, ensuring uninterrupted online presence for our clients 99.9% of the time.

Our Mission: To help small to medium size businesses in the education, hospitality, tourism, travel, retail and engineering sectors achieve their goals by using people and technology to drive business growth and profitability.

Manage support service deliveries with efficient and simple tools which provide transparency and accountability.

Social Media Marketing

Our Solution

website Design & Development

We offer a tailored website design and development solution that maximizes your brand and business potential in the dynamic digital landscape. Our expert guidance and comprehensive web solutions are customized to align seamlessly with your unique business model.

We ensure that every page of your website is SEO ready with self managed meta tags and description area. Giving you the power to build your online presence with a self manageable website built on secure content management systems (CMS) such as WordPress, Joomla and others...

Our Solution

Web Support Services

We deliver an all-inclusive solution, managing everything from domain administration to hosting services through our dedicated platform, omanwebpages.net. Our meticulous attention to detail ensures your website operates seamlessly, with a remarkable uptime of 99.99%.

Our annual maintenance agreements guarantee that your website code stays current and secure, aligning seamlessly with evolving support from major web browsers like Chrome, Safari, Edge, and more.

Your Investment

We prioritize clarity and transparency in our pricing and services. Here's a detailed breakdown of costs for each proposed service:

Website design and development

- Domain & Hosting
- Additional Language (Arabic) - optional
- Content Creation - not included
- Annual Maintenance - First year free*

Specific terms and conditions, including payment methods, refund policy, and website ownership, will be outlined in our website design and development proposal on request.

* The Annual Maintenance Agreement (AMC) spans 12 months, with the first year offered free. Subsequent renewals are at mutual consent for an additional 12-month term. AMC benefits encompass monthly site & database backup, periodic security updates, minor design changes, and annual domain and hosting renewal.
